Deputy Executive for P & A

17 April 1947

Assistant Director, Collection & Dissemination

Policy on Clearance of Personnel for Duties with CIG.

25X1A

- REFERENCE:**
- A. Office memo to Executive for P & A from Chief, Security Division, subject: Administrative Order [REDACTED] dated 19 March 1947 and memo reply thereto dated 4 April 1947.
 - B. Office memo to Deputy Executive for P & A from Chief, Security Division, subject: Policy on Clearance of Personnel for Duties with the Central Intelligence Group dated 8 April 1947 with attached draft regarding subject dated 3 April 1947.

25X1A

1. Consideration has been accorded to the draft of proposed memo to rescind and replace Administrative Order [REDACTED] (Reference B).

2. It is the opinion of this office that, while the suggested amendments incorporated in the proposed memo possess merit in the clarification and extension of administrative procedures, they do not sufficiently justify the revision and replacement of the Administrative Order at this time.

25X1A

3. As was previously stated, (Ref.A), it is believed that the basic policy enunciated in Administrative Order [REDACTED] is adequately inclusive and flexible to permit interpretation for the establishment thereunder of operational procedures to include all of the proposed changes. It is accordingly suggested that the desired operating procedures and policy-implementation practices be set forth as material supplementary to Administrative Order [REDACTED] pending publication of the Administrative Manual.

25X1A

4. It is the understanding of this office that, with the publication of the CIG Administrative Manual the current series of CIG Administrative Orders will be revoked and superceded (Reference CIG General Order [REDACTED]). In the preparation of that portion of the Administrative Manual relating to security and particularly with respect to the incorporation of the provisions of Administrative Order [REDACTED] it is felt that consideration should be given to the inclusion of the suggested changes and additions proposed in the above cited references, to which this office has no objection since they do not constitute changes in basic security policy. Further, it is suggested that consideration be given to the advisability of so planning the security section of the Manual that "basic security policy" and "interpretation and operational

SECURITY BRANCH

25X1A

4 April 1947

MEMORANDUM TO: Executive for P & A
Subject: Suggested Changes in Administrative Order [REDACTED]
Reference: Chief, Security Division's memo 19 March 1947

25X1A

25X1A

1. The Security Branch, OCD, has studied the subject memo and concurs generally in the substance of [REDACTED] suggestions but feels that, in general, the amendment of CIG Administrative Order [REDACTED] is not desirable in that it was, in its present form, concurred in by the IAB agencies and meets their requirements. It is felt that the points covered in the subject memo could be set forth in an administrative interpretation to CIG Administrative Memo [REDACTED] or could be included as interpretative recommendations or notes in any contemplated manual of regulations.

2. The reasons behind the foregoing conclusions are set forth in greater detail below.

a. Sub-paragraph 2a

The interpretation given in subject memo is essentially that which was contemplated in the drafting of the original policy document. There is no objection to following the suggested amendment as a matter of administrative practice, but its inclusion in the basic policy (CIO Administrative Order [REDACTED]) may prove too restrictive in the event that an individual case might call for some latitude of decision.

b. Paragraph 4

Revision of this paragraph is not recommended. Under the terms of the paragraph as now written information derived from 10 years of honorable service "may, at the option of the Director of Central Intelligence, constitute the basis for clearance....." (underlining supplied). Under this wording it could be made known administratively in the name of the Director of Central Intelligence that the option will not be exercised except in the case of civil servants above a certain grade and Army and Navy personnel above stated ranks.

~~CONFIDENTIAL~~

Sec. Bu.

CONFIDENTIAL

2. Paragraph 5

There appears to be no objection to the addition of the suggested sentence if the desired end cannot be attained administratively. In order to leave the Director of Central Intelligence some discretion in individual cases, however, it is suggested that the sentence be changed to read ".....immediate employment (assignment) and shall not preclude the completion of a full investigation".

4. Paragraph 6

The procedure suggested is sound but the desired end could be attained through administrative procedures.

5. Paragraph 9

25X1A

Paragraph 9 is not fully concurred in. Since CIG Administrative Order [redacted] charges the Personnel Division with obtaining completed forms 57 and 38-1 from the prospective employees, the employing or initiating office would have no knowledge of circumstances requiring the exception until after the investigation reports have been completed. Thus, it would be impossible for the requests for exception to accompany the 37-3 at the time it is forwarded to the Personnel Division, unless CIG Administrative Order [redacted] is suitably amended.
